# VISION & MISSION

CONSISTENTLY IMPROVING, UPDATING AND DEVELOPING OUR PRODUCTS IN TERMS OF MATERIALS EMPLOYED, APPLICATIVE AND INSTALLATION SOLUTIONS TO FACILITATE THE WORK OF OUR CLIENTS AND TO PROMOTE THEIR BUSINESS DEVELOPMENT.

## **SECURITY AND TECHNOLOGY FOR A BETTER FUTURE**

Making sure that gates, armoured doors, industrial doors, security grilles, windows and industrial/commercial/residential closing systems in general are always up-to-date, easy to produce, install and with a special focus on security.

Developing our products range committed to energy saving for a better sustainable future.

## **CONSTANT DEVELOPMENT TO SATISFY EVERY NEED**

Daily providing our clients, design engineers and installers with innovative and quality products, allowing them to save time and being exposed to more opportunities, so that the final client can benefit from technologically advanced and cost effective products.

# STRENGTHS

## RESEARCH & DEVELOPMENT

Foretell market needs by studying and developing new and innovative products with the assistance of our Technical Department, we test them in our on-site testing laboratories before launching mass production.

## DESIGNING

We design and test our products directly in our Turin based premises. Our Technical Dept., in partnership with the Polytechnic University of Turin and in collaboration with some of the most important certification bodies, creates products most of which became standards of the market.

## PRODUCTION CAPACITY AND CAPABILITY

With 99% of in-site production and latest generation machinery able to satisfy large production demands, Nova-Ferr is able to manage transfer processing, mold construction, sheet metal stamping, bolts and nuts stamping, automatic and secondary turning machines, manufactures open section profiles for its own need as well as customized solutions.

## LOGISTIC & DISTRIBUTION

With a warehouse of more than 10.000 sqm regularly replenished with minimum stock levels, Nova-Ferr guarantees rapid dispatch to everywhere in the World, supported by an extensive network of selected distributors.

## PRODUCTS RANGE

With a wide range of solutions and accessories for industrial, commercial and residential closing systems, Nova-Ferr can satisfy any need in terms of planning and installation.
