

VISION & MISSION

CONSTANTLY IMPROVING, UPDATING AND DEVELOPING OUR PRODUCTS IN TERMS OF MATERIALS USED, APPLICATIVE AND INSTALLATION SOLUTIONS TO FACILITATE THE WORK OF OUR CLIENTS AND TO PROMOTE THE DEVELOPMENT OF THEIR BUSINESSES.

SECURITY AND TECHNOLOGY FOR A BETTER FUTURE

Making sure that gates, armoured doors, industrial doors, security grilles, windows and industrial/commercial/residential closing systems in general are always up-to-date, easy to produce, install and with a special focus on security.

Developing our product range dedicated to energy saving for a more sustainable future.

CONSTANT DEVELOPMENT TO SATISFY EVERY NEED

Daily providing our clients, design engineers and installers with innovative and quality products, allowing them to save time and being exposed to more opportunities, so that the final client can benefit from technologically advanced and cost-effective products.

To guarantee our professionalism and expertise in Italy and around the World.

STRENGTHS

RESEARCH & DEVELOPMENT

We anticipate market's needs by studying and developing new and innovative products and, with the assistance of our Technical Department, we test them in our in-house testing laboratories before launching mass production.

DESIGN

We design and test our products directly in our Turin-based premises. Our Technical Department, in partnership with the Politecnico di Torino and in collaboration with some of the most important certification entities, creates products, most of which have become standard of the market.

PRODUCTION CAPACITY AND CAPABILITY

With 99% of in-house production and latest generation machinery able to satisfy large production demands, Nova-Ferr is able to handle transfer processing, mould making, sheet metal stamping, bolts and nuts stamping, automatic and secondary turning machines, and to manufacture open section profiles for its own needs as well as customized solutions.

LOGISTIC & DISTRIBUTION

With a warehouse of more than 10.000 sqm regularly replenished with minimum stock levels, Nova-Ferr guarantees rapid delivery times everywhere in the world, supported by an extensive network of selected distributors.

PRODUCTS RANGE

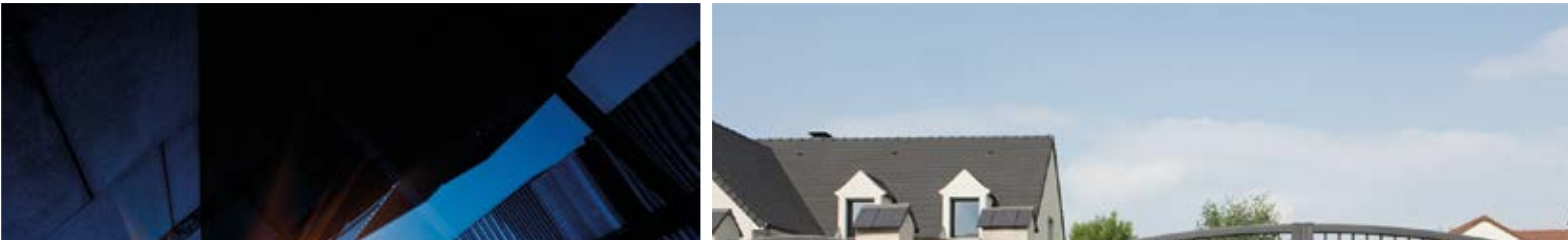

With a wide range of solutions and accessories for industrial, commercial and residential closing systems, Nova-Ferr can satisfy any need in terms of planning and installation.

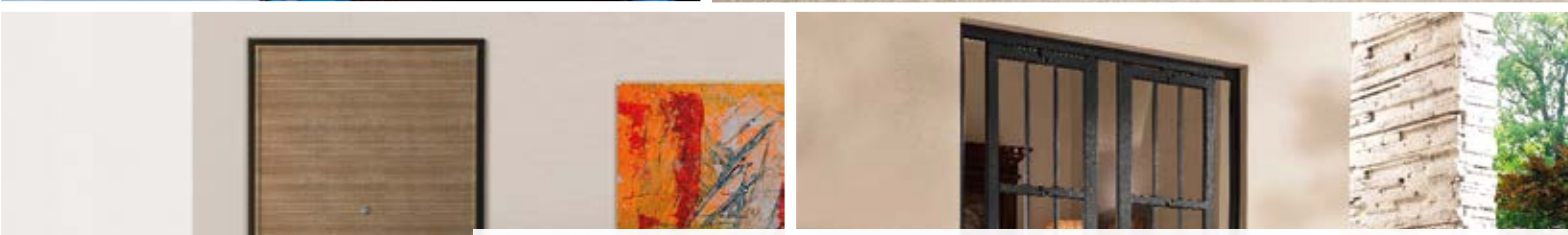

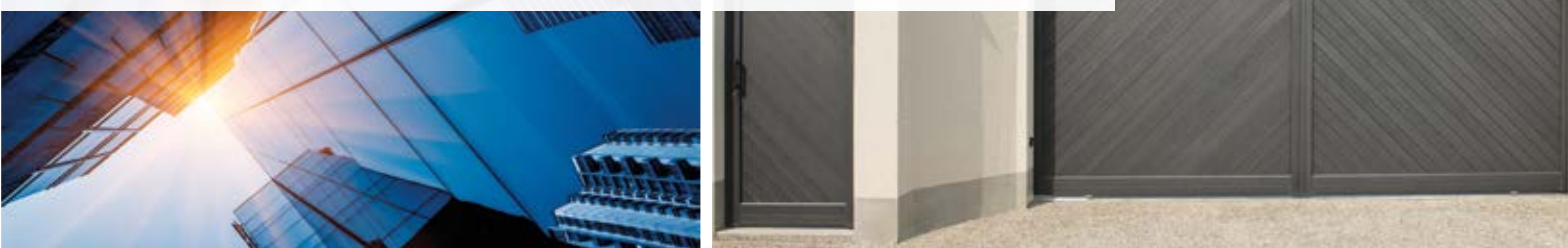

PRODUCTS & SOLUTIONS

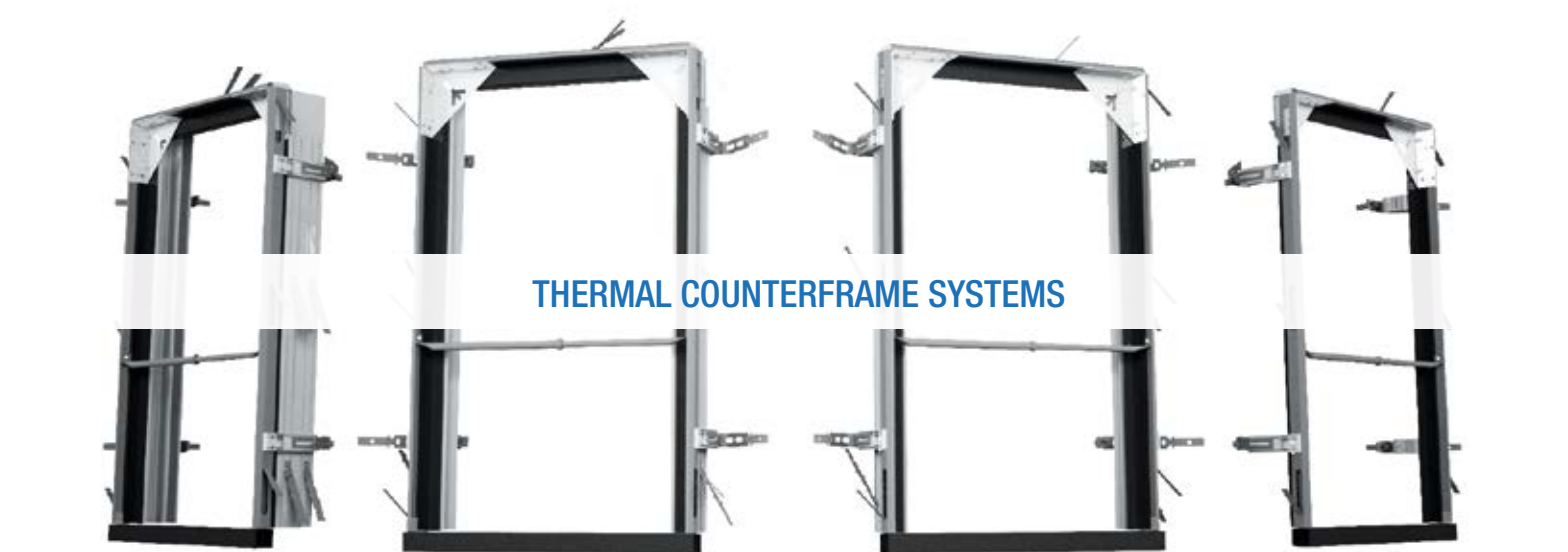

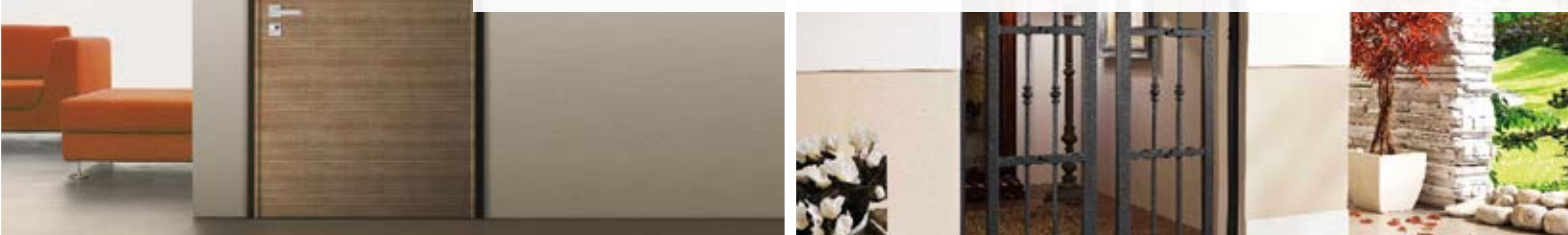

ACCESSORIES AND SYSTEMS FOR CANTILEVER/SLIDING GATES AND INDUSTRIAL SLIDING/FOLDING DOORS

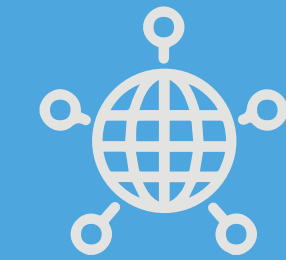

ACCESSORIES AND SYSTEMS FOR CURTAIN WALLS AND SWING GATES

ACCESSORIES FOR ARMOURED DOORS AND SECURITY GRILLES/SHUTTERS

THERMAL COUNTERFRAME SYSTEMS

INFORMATION

INFORMING
